

50/50 ATHLETIC SEED MIXTURE

PREMIUM GRASS SEED FOR SPORTS APPLICATION

COMPOSITION

- 25% Skye Kentucky Bluegrass
- 25% Arc II Kentucky Bluegrass
- 25% Pangea GLR Perennial Ryegrass
- 25% Performance Perennial Ryegrass
- *Or equivalent depending on availability

Use	lbs per 1,000 sqft	lbs per acre
New lawn seeding	4 – 6	175 – 250
Overseeding	3 – 5	150 – 225

50/50 Athletic Seed Mixture is a combination of premium Kentucky bluegrasses and fine-textured perennial ryegrasses. It is designed for superior turf quality in full sun to light shade where the turf areas receive higher than normal traffic. These species maximize traffic tolerance and recovery. This mix performs well on most soils, from high sands to heavier clay soils and can tolerate mowing at 0.5 inches with the proper care. The best results will be achieved with medium to high management levels which not only gives the turf great color, density, and recovery, but also supports field playability and recreational safety.
