

BLUE SHADOW

Kentucky bluegrass & fine fescue mixture

COMPOSITION

35% Tenacious Hard Fescue
30% United Kentucky Bluegrass
20% Resonance Chewings Fescue
15% Marvel Strong Creeping Red Fescue
*Or equivalent depending on availability

Use	lbs per 1,000 sqft	lbs per acre
New lawn seeding	5 – 7	225 – 300
Overseeding	4 – 6	175 – 250

Blue Shadow is a premium Kentucky bluegrass-dominant lawn mix designed for superior shade tolerance and efficient water use. Enhanced with three fine fescue species, this blend ensures excellent density in shaded areas without sacrificing the uniform, fine texture of Kentucky bluegrass. Perfect for lawns needing added resilience in dense shade to full sun, Blue Shadow thrives in both drought-prone and low-light conditions. Such conditions are often found under trees that compete for surface moisture.

Ideal for homeowners who prefer fine fescues over coarse turf-type tall fescues to compliment their Kentucky bluegrass lawn. Blue Shadow provides a soft (for you barefoot walkers), dark lawn that balances beauty with adaptability, making it an excellent choice for versatile landscaping needs.
