*Or equivalent depending on availability...

Use	lbs per 1,000 sqft	lbs per acre
New lawn seeding	2 – 4	100 – 175
Overseeding	2 – 3	100 – 150

The TCS 'TOTAL ECLIPSE' Kentucky Bluegrass Blend is an elite house blend of top-performing NTEP Kentucky Bluegrass varieties hand-picked by our in-house turfgrass experts, with an emphasis placed on performance in shade-tolerance trials. These varieties achieve a high aggregate NTEP overall quality score of under typical and shady conditions. This mix is sure to provide one of the darkest lawn on the block. This blend is a perfect fit for home lawns, sod blends, sports turf, parks, and golf courses – especially those that want a shade-tolerant bluegrass option!

Suggested Maintenance: Best results are achieved with two or more fertilizations per growing season with irrigation sufficient to promote healthy growth throughout the growing season. A mowing height of 2-3 inches is recommended and under the proper care, it may be mown down to 0.5 inches.
