

TUFF TURF

AFTER DARK

T C S A F T E R D A R K S E R I E S

Tuff Turf After Dark is a combination of dark green turf-type tall fescues, perennial ryegrass, and Kentucky bluegrass, including the darkest grass on the market – ‘Fireball’ perennial ryegrass. It maintains the same species ratio as the original Tuff Turf providing similar function with handpicked darker varieties. This mixture is drought and wear tolerant and can thrive in full sun to shady areas. The versatility of Tuff Turf After Dark makes it ideal for many lawn and grounds situations while exhibiting its shadowy aesthetic.

COMPOSITION

30% Xanadu Turf Type Tall Fescue
20% Triad Turf Type Tall Fescue
20% Rover Turf Type Tall Fescue
